

# DOMAINE DUREUIL-JANTHIAL

## AOC Rully Red

### Geographical situation:

 Three parcels:

- Le Meix Cadot (3.3092 acres), planted in 1978 on clay on an east facing Premier Cru Climat.
- En Rosey (2.6712 acres), planted in 1974 on limestone clay. This parcel faces east on the Mount Varot plateau, to the west of the appellation.
- Montagne de Remenot (0.8209 acres), planted in 1980 on a limestone soil. It sits to the northwest of the appellation, facing east.

### Grape Variety:

 Pinot noir

**Vineyard:** Planted between 1974 and 1978, for a total surface of 6.8013 acres

**Soil and subsoil:** Limestone, clay and limestone clay

**Vinification:** The grapes are handpicked and double sorted, on a vibrating sorting table and a conveyor belt. The grapes may then be destemmed, or not, depending on the vintage, then placed in conical wooden vats. The grapes are cooled and fermentation takes place after a week of cold maceration. Cap punching or pumping over depending on the stage of vinification. Daily tasting of the wines determines our winemaking choices

**Ageing:** Eln a 19th century cellar. 12 months in barrel (33 % new) with malolactic fermentation, then 6 months in stainless steel vats. Bottled according to the lunar calendar

**Character:** A long maturing period gives this wine excellent cellaring ability. Deeply concentrated in colour with aromas of ripe fruit

**Serving Temperature:** 16°

**Format:** 75 cl
